

Government of Karnataka

Directorate of Health and Family Welfare Services
Ananda Rao Circle, Bangalore-09

No. DHS/PS/218 /2019-20

Date: 30/03/2020

Dear Private Health Care Providers,

As you are aware COVID-19 (nCoronavirus) is a Public Health concern and the WHO has declared it as pandemic. Person to person transmission of COVID-19 infection has led to the isolation of patient and patients being subsequently administered variety of treatment. The state has taken extensive measures to reduce person to person transmission, establishing dedicated COVID-19 hospitals, establishing fever clinics and a single point contact -104 as a help line. The guidelines and Government orders are being shared on the State Government website :

<https://karunadu.karnataka.gov.in/hfw/kannada/Pages/home.aspx>

In this regard, we are hereby sharing all the Govt. of India / Indian Council of Medical Research (ICMR) Guidelines to establish Isolation wards, collecting and sending samples for microbiological confirmation and patient treatment protocols for your reference.

Director,

**Health & Family Welfare Services,
Bengaluru.**
